#### **OBJECTIVE**

I am a **tech-savvy**, **quick learner** known for my intelligence, **strong work ethic**, and commitment to excellence. As a **native English** speaker, I bring enthusiasm, responsibility, motivation, discipline, and a natural aptitude for teamwork to the table. I perform well both independently and as a team member.

#### **SKILLS**

- **Programming Languages:** C# (OOP), JavaScript, HTML, CSS, TypeScript, Pvthon.
- Web Development: ASP.NET Core, Node.js (Express), Angular ,React.
- API Development: ASP.NET Web API, Express.is.
- **Databases**: Microsoft SQL Server (MsSQL), MongoDB, FireBase.
- Cloud Services: Microsoft Azure.
- Version Control: Git.

# **LANGUAGES**

- English- native.
- Hebrew- native.

# **PROJECTS**

# Airport Simulator project - ASP.NET Core API and MVC

Implemented **real-time communication with SignalR**, managed concurrency using **Semaphore** and **C#**, and integrated a **SQL database** for data persistence. <u>github/AirportSimulatorASP</u>

#### User Authentication System - Node.js and React

Full-stack web app for seamless login and registration. With React.js, React Router, and Axios on the frontend, and Node.js with Express.js and JWT for secure authentication on the backend, it offers an efficient and modern solution for user management. github/UserAuthenticationSystem

# Pet Shop Web Application - ASP .NET Core MVC

Developed a scalable and **user-friendly** web application, **MVC architecture**, web application design principles, and integrated a **SQL database** for efficient data management. <u>github/PetShop</u>

# Box Factory Project – C# Advanced Data Structures

**Self-implemented dictionary**, and algorithm design in the Box Factory project using **C#**. github/DataStructures

#### Library Manager Application - C#, WPF, and SQL database

Feature-rich Library Manager application, **Object-Oriented Programming** (OOP) principles to create a robust and maintainable system. <a href="mailto:github/LibraryManager">github/LibraryManager</a>

#### Dodge Game - C#, UWP development

Designed and developed an engaging Dodge Game, showcasing skills in **game development** and creating an immersive user interface to enhance player experience. <a href="mailto:github/DodgeGame">github/DodgeGame</a>

# **WORK EXPERIENCE**

Merkaz Hakeshev Veharikuz - Sales Consultant: 2020

Private English Teacher: 2018-2020

Tafnit Bechinuch Lod - Kindergarten Teacher: 2013-2017
